ANNUAL REPORT
OF THE
SCHOOL BOARD OF BARRINGTON,
FOR THE
YEAR ENDING FEB. 15th, 1894.

ADVICE TO PARENTS.—EVILS OF PROFANITY.

Parents, do you wish your children to become good and useful members of society; to act well their part in life? If so, give them as good an education as you possibly can. No better legacy can you leave them. President Harrison is credited with the following remark: "I have a firm belief that the rock of our safety as a nation lies in the proper education of the population; that it is impossible for a man to discharge his duties as a citizen without the knowledge that is to be derived from the common schools." Intelligence and virtue usually go hand in hand; ignorance and vice are twin brothers. Children do not have to learn to be bad. This comes without any effort; but it does require an effort to be good, so children have to be constantly taught to be good. Do not complain if they are sometimes punished at school. There is very little danger that they will receive more than is their just due. Fifty years ago and more children were sent to school and told to obey all the rules of the teacher; were told that if they got punished at school they would be punished again on reaching home, and some of us can testify to the fact that this promise was fulfilled to the letter.

There is reason to believe that in some of our schools there are boys who are in the habit of using profane language. This is a sad announcement to make, but of its truthfulness there is no doubt. Are not parents, in a great measure, responsible for the existence of this great evil? Children learn to use improper language by first hearing it from others. Their little ears are ever open to catch every sound, bad as well as good. "My father swears, and why shouldn't I?" is the natural reasoning of the youthful mind. Precept, to be effective, must be sustained by good example. Says a writer: "Would that children (and all others we add) were impressed with the fact that profaneness is pure iniquity, inexcusable and degrading, besides being the introduction to things still worse." Let us all, parents, children, teachers and school board, unite in trying to eradicate this great evil from our midst.

 JOEL F. SHERBURNE, } Barrington.
